S.U.C.

(THE STUDENT UNITY COUNCIL)

ELECTIONS

The student organization formed two years ago consists of three undergraduates from each department selected popularly by the undergraduate majors and one graduate selected popularly by the grad majors. Any student in one of the above category is eligible.

Once elected a person on S.U.C. who has been in this school at least a semester can be elected by their fellow S.U.C. members to the board of trustees of S.F.A.I. the college committee, and all other governing bodies of the school. All policy all decisions in the school are determined by these boards and committees.

S.U.C. members set the meeting schedule ^{after} the initial meeting. Any S.U.C. member who ~~misses~~ misses two meetings in a row is automatically dismissed. Individual members of ~~S.U.C.~~ S.U.C. receive ~~five~~ one unit of humanities for participation on S.U.C.

Each department is governed by those students elected from SUC and a group of faculty of that department in joint departmental policy committee. In my experience on SUC, members help decide who gets scholarships, which new students are accepted into the department, how the curriculum is set up, what equipment to buy or replace, how to define jobs, what remodeling needs doing in the department etc. etc. etc. SUC also controls the student fees fund and is responsible for various public activities of the students
